

Cloverleigh Farm Fall Student Share

Interested in fresh locally grown food that was tended with compassion on a small diversified farm using organic practices? A 7-week student share option is a great choice for students living in an apartment/house who may want to supplement their weekly food purchases with fresh vegetables.

Chose a day to visit the farm each week: Wednesday afternoons from 3-6pm or Saturday mornings from 9-12. Bring a reusable bag with you to take home your produce. Enjoy time doing some pick-your-own in the field. There are plenty of herbs available to members as they wish: parsley, sage, thyme, chives, rosemary, tarragon and cutting celery. There may even still be flowers for small bouquets and cherry tomatoes at the beginning of October!

Student members will have the opportunity to choose 4-5 items each week so there is flexibility built into the share.

A sample share from October may look something like this:

- 1 head broccoli
- 1 bunch chard or bok choy
- 1 cabbage
- 1 bunch carrots
- 1 bunch beets

A sample share from November may look something like this:

- ½ lb spinach
- 1 winter squash
- 2 lbs sweet potato
- 1 bunch kale
